TECHNICAL DATA SHEET

Ref:

1. Material: Galvanized GI Earthing Strip aka GI STRIP
2. Standard: IS 4759 ; IS 2629
3. Product Description: Hot Dipped

	Description
Common Name	GI Flat / Strip
Commonly Supplied Size	MULTIPLE WIDTH (75,65,50,32,25) MM THICKNESS (10,6,5,3) MM
Length	Typically 5-6 mtr, can vary based on supplier
Surface Finish	Hot Dip Galvanized
Material Grade	Mild Steel (IS 2062) or as per Customer Spec
Tensile Strength	330-410 MPa (Typical for MS)
Coating Thickness	As per Customer Requirement / 86+ as per IS
Zinc Coating Weight	As per IS 277
Tolerance	As per IS 1852

Features:

- Corrosion Resistant
- Durable and Long-Life Span
- Suitable for Electrical, Structural and Grounding / Earthing applications
- Easily Weldable & Formable
